## COMMERCIAL LADDERS

---

Stainless steel ladders are cross-braced for greater strength. Tubing is 1.90" O.D. and is complete with cyclolac ladder treads and stainless steel hardware. Ladders are available in 2 Tread, 3 Tread, 4 Tread and 5 Tread.  
*304 or 316L Marine Grade Stainless Steel Available..*

---

## RAILINGS

---

All Stainless steel rails are polished, with a wall thickness of .065" and come standard in either a two or three bend configuration. Have a project requiring custom rails? We do that too! Contact Us for pricing and shop drawings.

---

## ACCESSORIES

---

We stock a wide variety of rail goods and accessories, including: Bronze Wedge Anchors, Rubber Ladder Bumpers, Ladder Cradle Bolts, Escutcheon Plates and Ladder Treads. Contact our sales team to find the accessories you require.

---

## LIFEGUARD CHAIRS

---

### PARAFLYTE LADDER AT REAR

The Paraflyte Lifeguard chair with ladder at rear is recommended for general use. The sloping rear ladder with flared guard rails provides easy access to the platform. The horizontal rails provide protection and serve as arm rests. Furnished with pedestal anchor, escutcheon plates, rear anchors, and holders for rescue tube and umbrella. A Molded plastic seat, located six feet above the deck, is capable of a full 360 degree swivel and has a stainless steel sloping support. The ladder steps are injection molded cyclolac, 19" Long x 4" Wide, with a raised non-skid tread.

### PORTABLE LIFEGUARD CHAIR

The KDI Paragon Portable Lifeguard chairs are available in a 4-Step, 3-Step or 2-Step model to fit your needs. All chairs are light enough to be easily lifted by one person. Choose to add wheels to these chairs for added mobility.
